

Placement Status 23-24

Placement Drop in reputed Colleges in the current year as compared to previous year (Considering only Elite+Super Dream Offers Received)

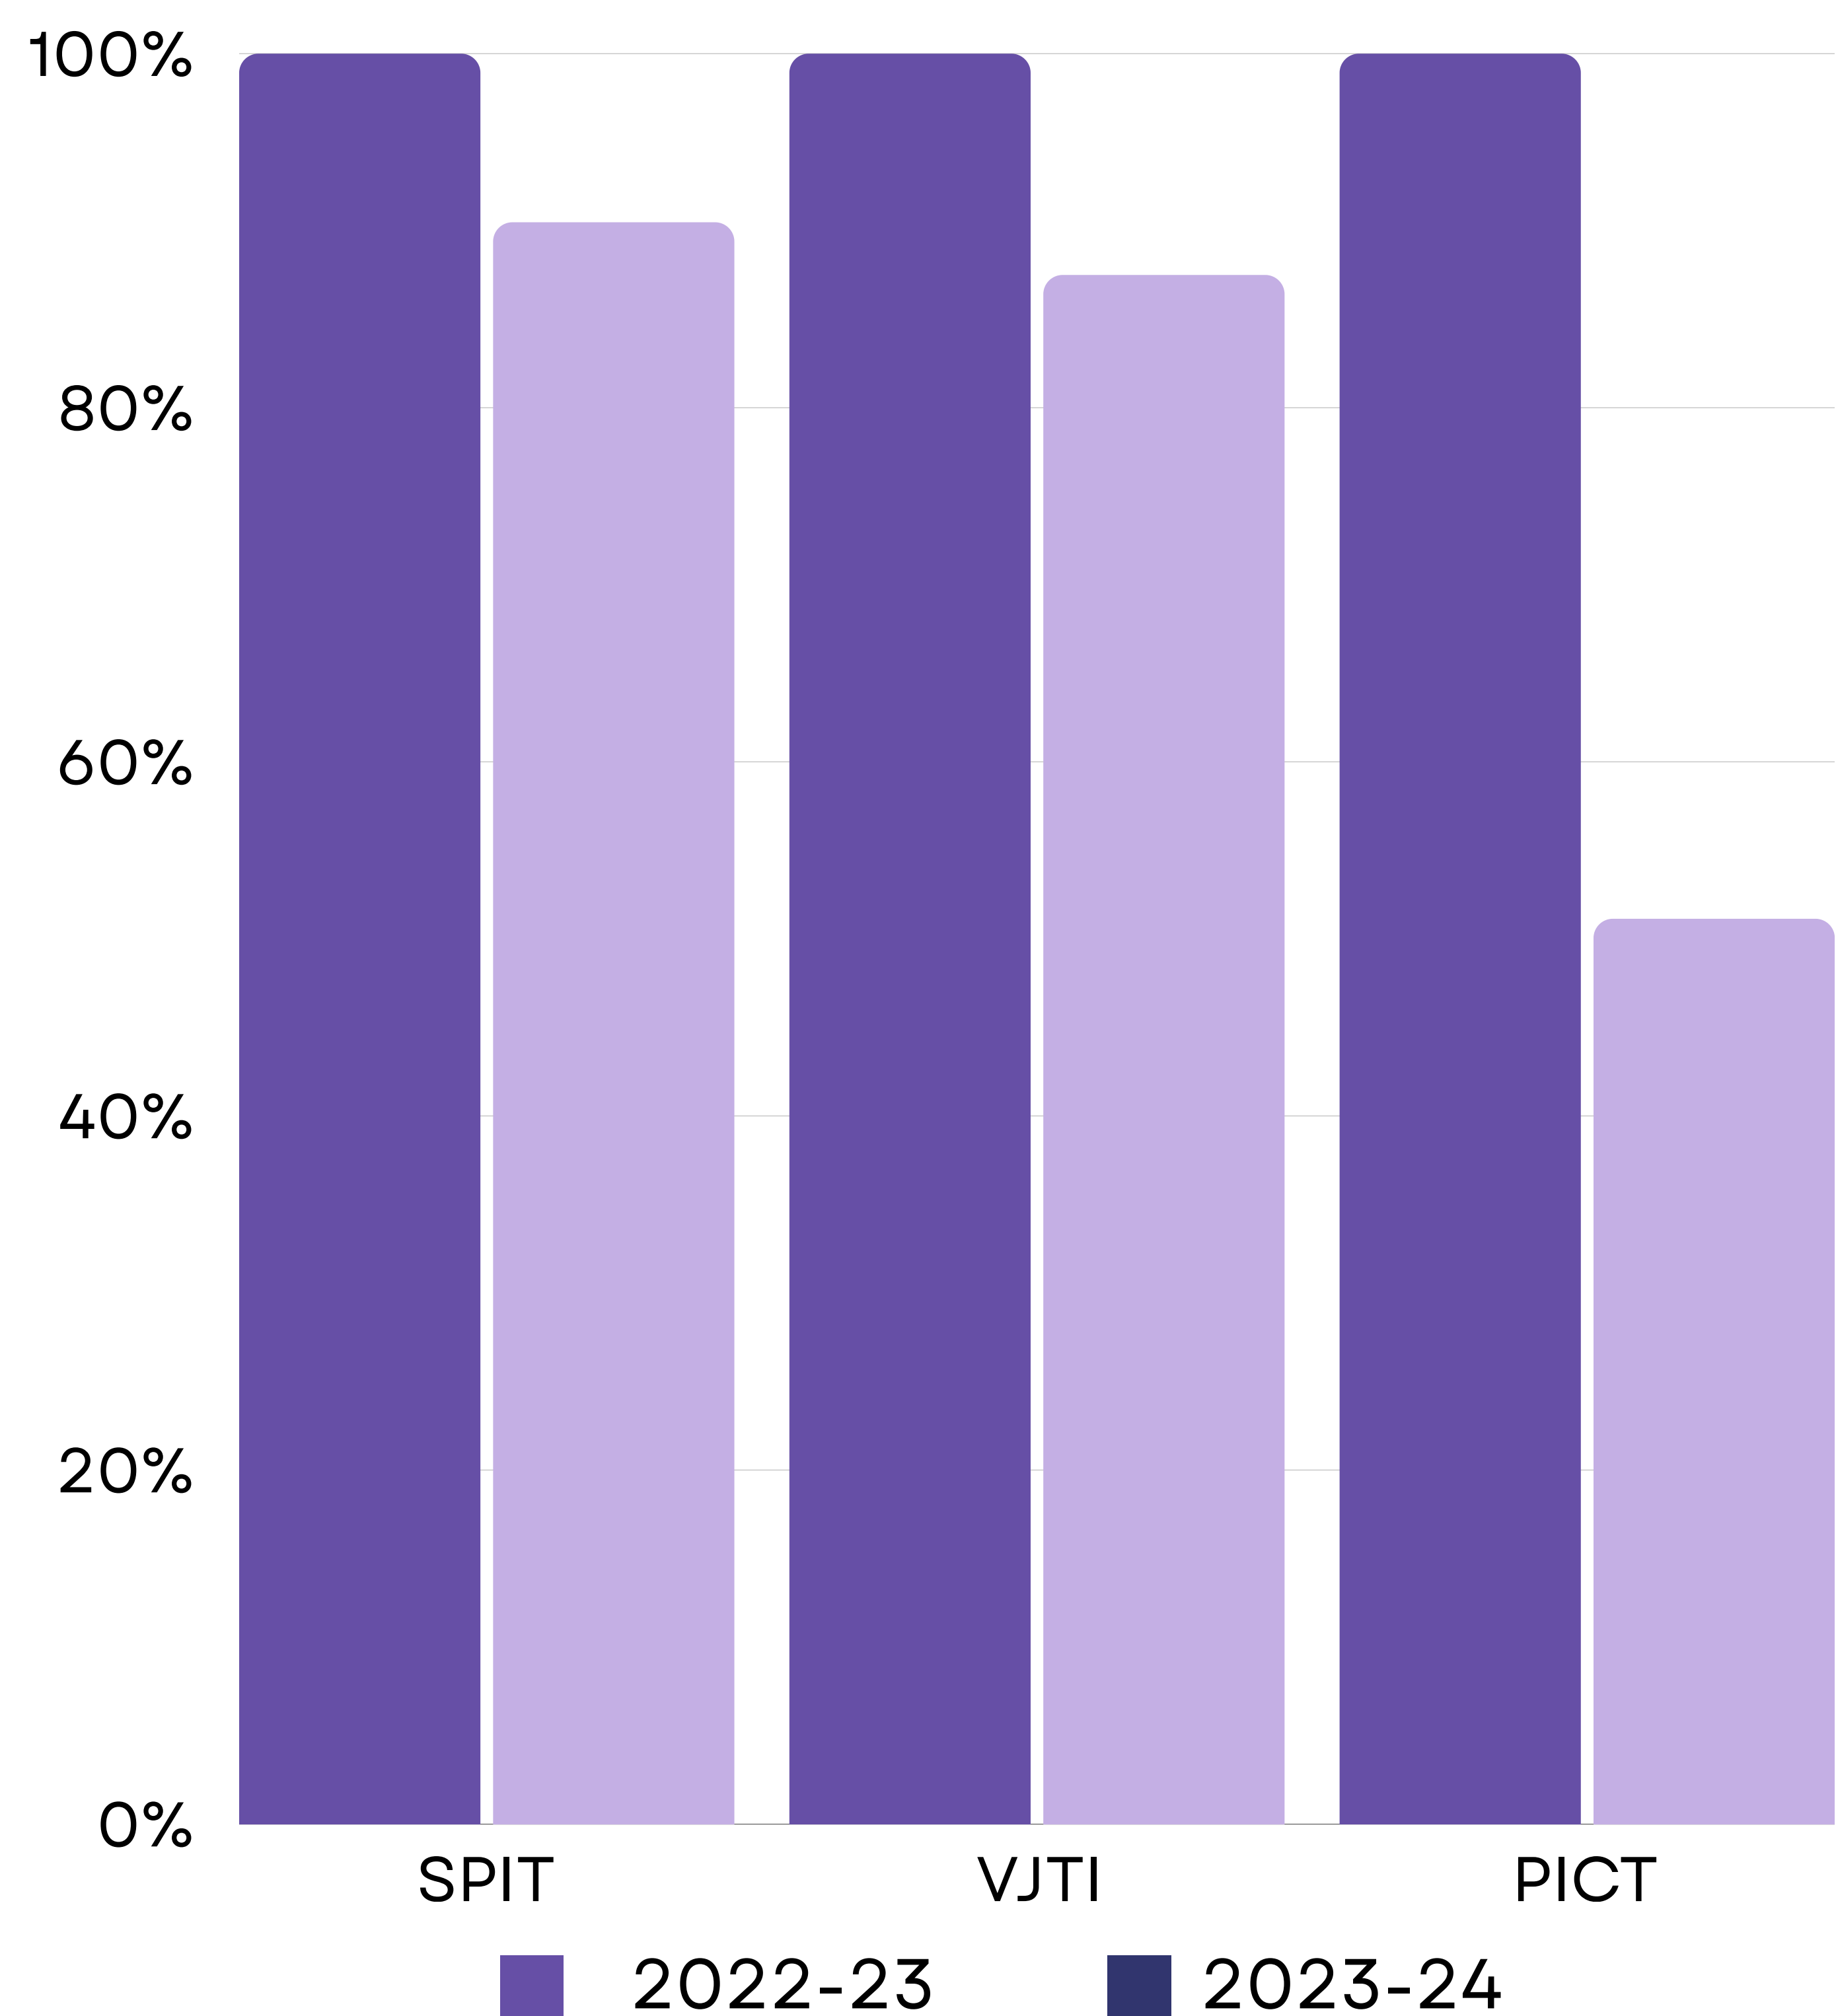

IITB - 15.06% drop in placements as compared to 2022-23

SPIT - 29.3% drop in placements as compared to 2022-23

PICT - 43% drop in placements as compared to 2022-23

VJTI - 43.8% drop in placements as compared to 2022-23

Drop in Companies visiting colleges for recruitment in the current year as compared to previous year

SPIT - 9.6% drop in companies as compared to 2022-23
VJTI - 12.5% drop in companies as compared to 2022-23
PICT - 49% drop in companies as compared to 2022-23

The above data depicts the trend of this year, showing that all colleges have been affected due to layoffs, recession and war

Disclaimer: The statistics for the current year are based on the data revealed by these colleges on their Training and Placement Office's (TPO) LinkedIn profiles. The information provided is sourced from the TPO profiles as available at the time of reporting.

Campus Placements: As big companies hesitate to hire, experts motivate engineers to opt for start-ups

Some experts also believe that while this year's placement season may have slow growth, the brand name and the skills acquired from the institute by candidates may have a positive impact on students' profiles and may encourage companies to visit the campus.

Student Status and Further Plan

Total
Unplaced

Ineligible
students

Unplaced
Students

Common Reasons for Un-placement:

1. Casual attitude towards placements
2. Academic performance issues (e.g., GAP, low scores)
3. Underprepared in Technical Aspects
4. Not well versed with relevant knowledge
5. Lack in communication skills

Notable Points:

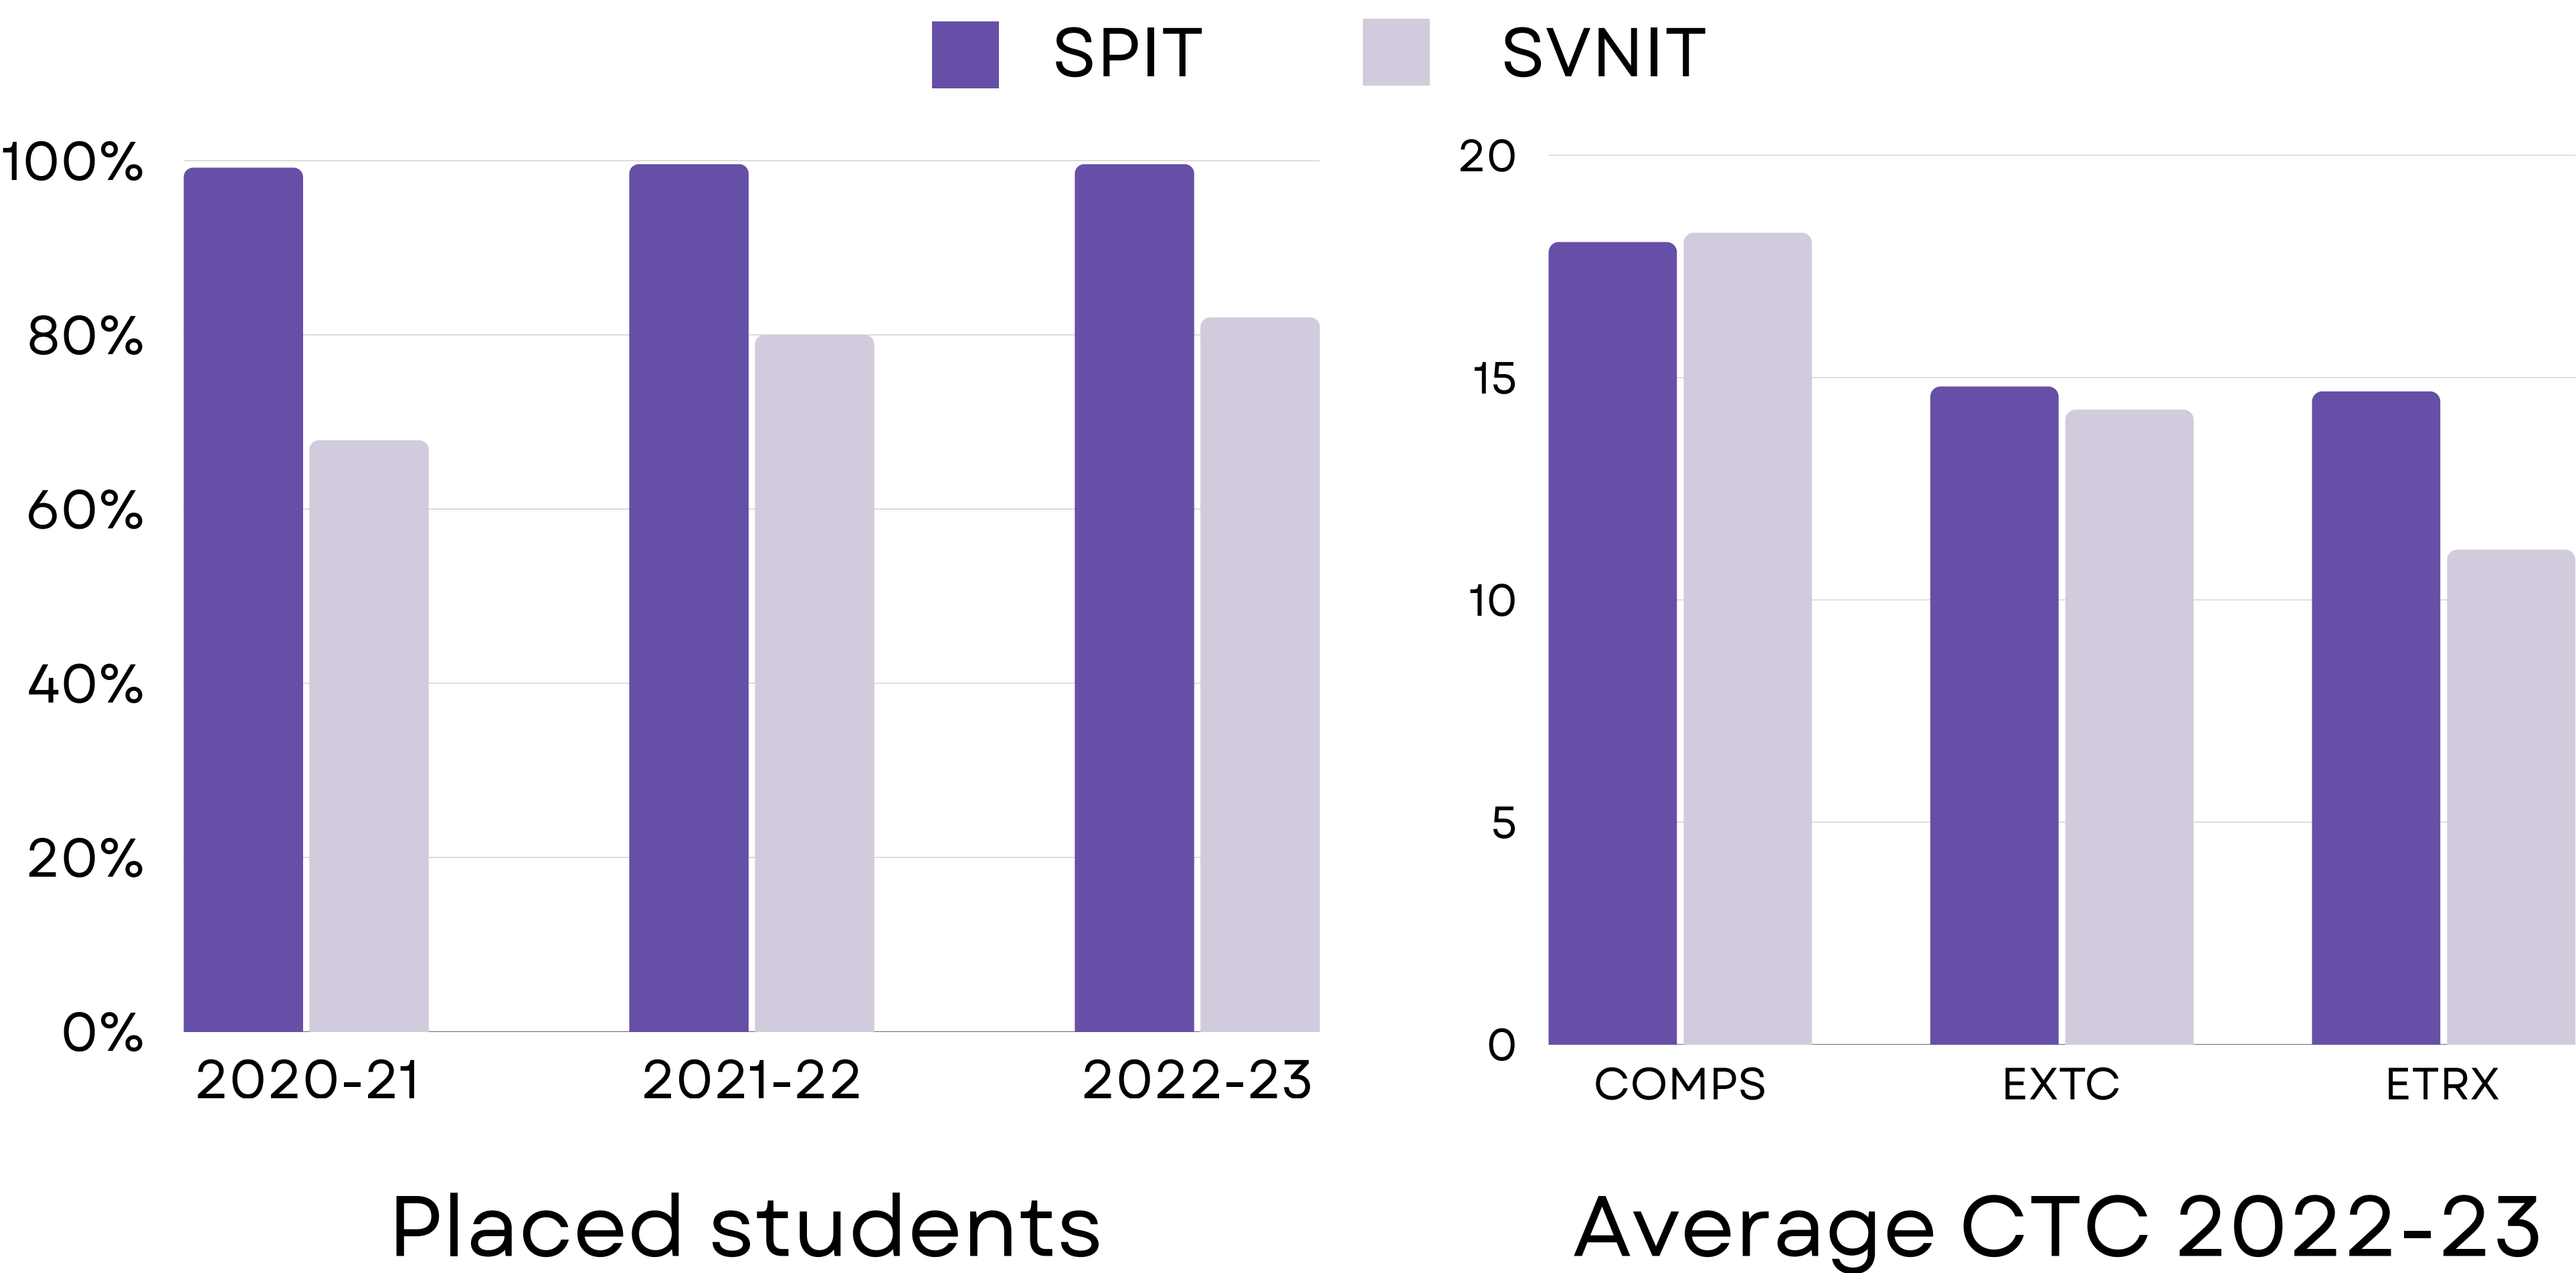

- A few students have pursued higher studies.
- Some students have been deemed ineligible for placements (3-IT, 4-EXTC, 7- ETRX; due to above mentioned reasons (1st & 2nd)).

The Training and Placement Officer (TPO) will continue the official Placement Cycle until serious students are placed. (9-10 companies lined up for placements)

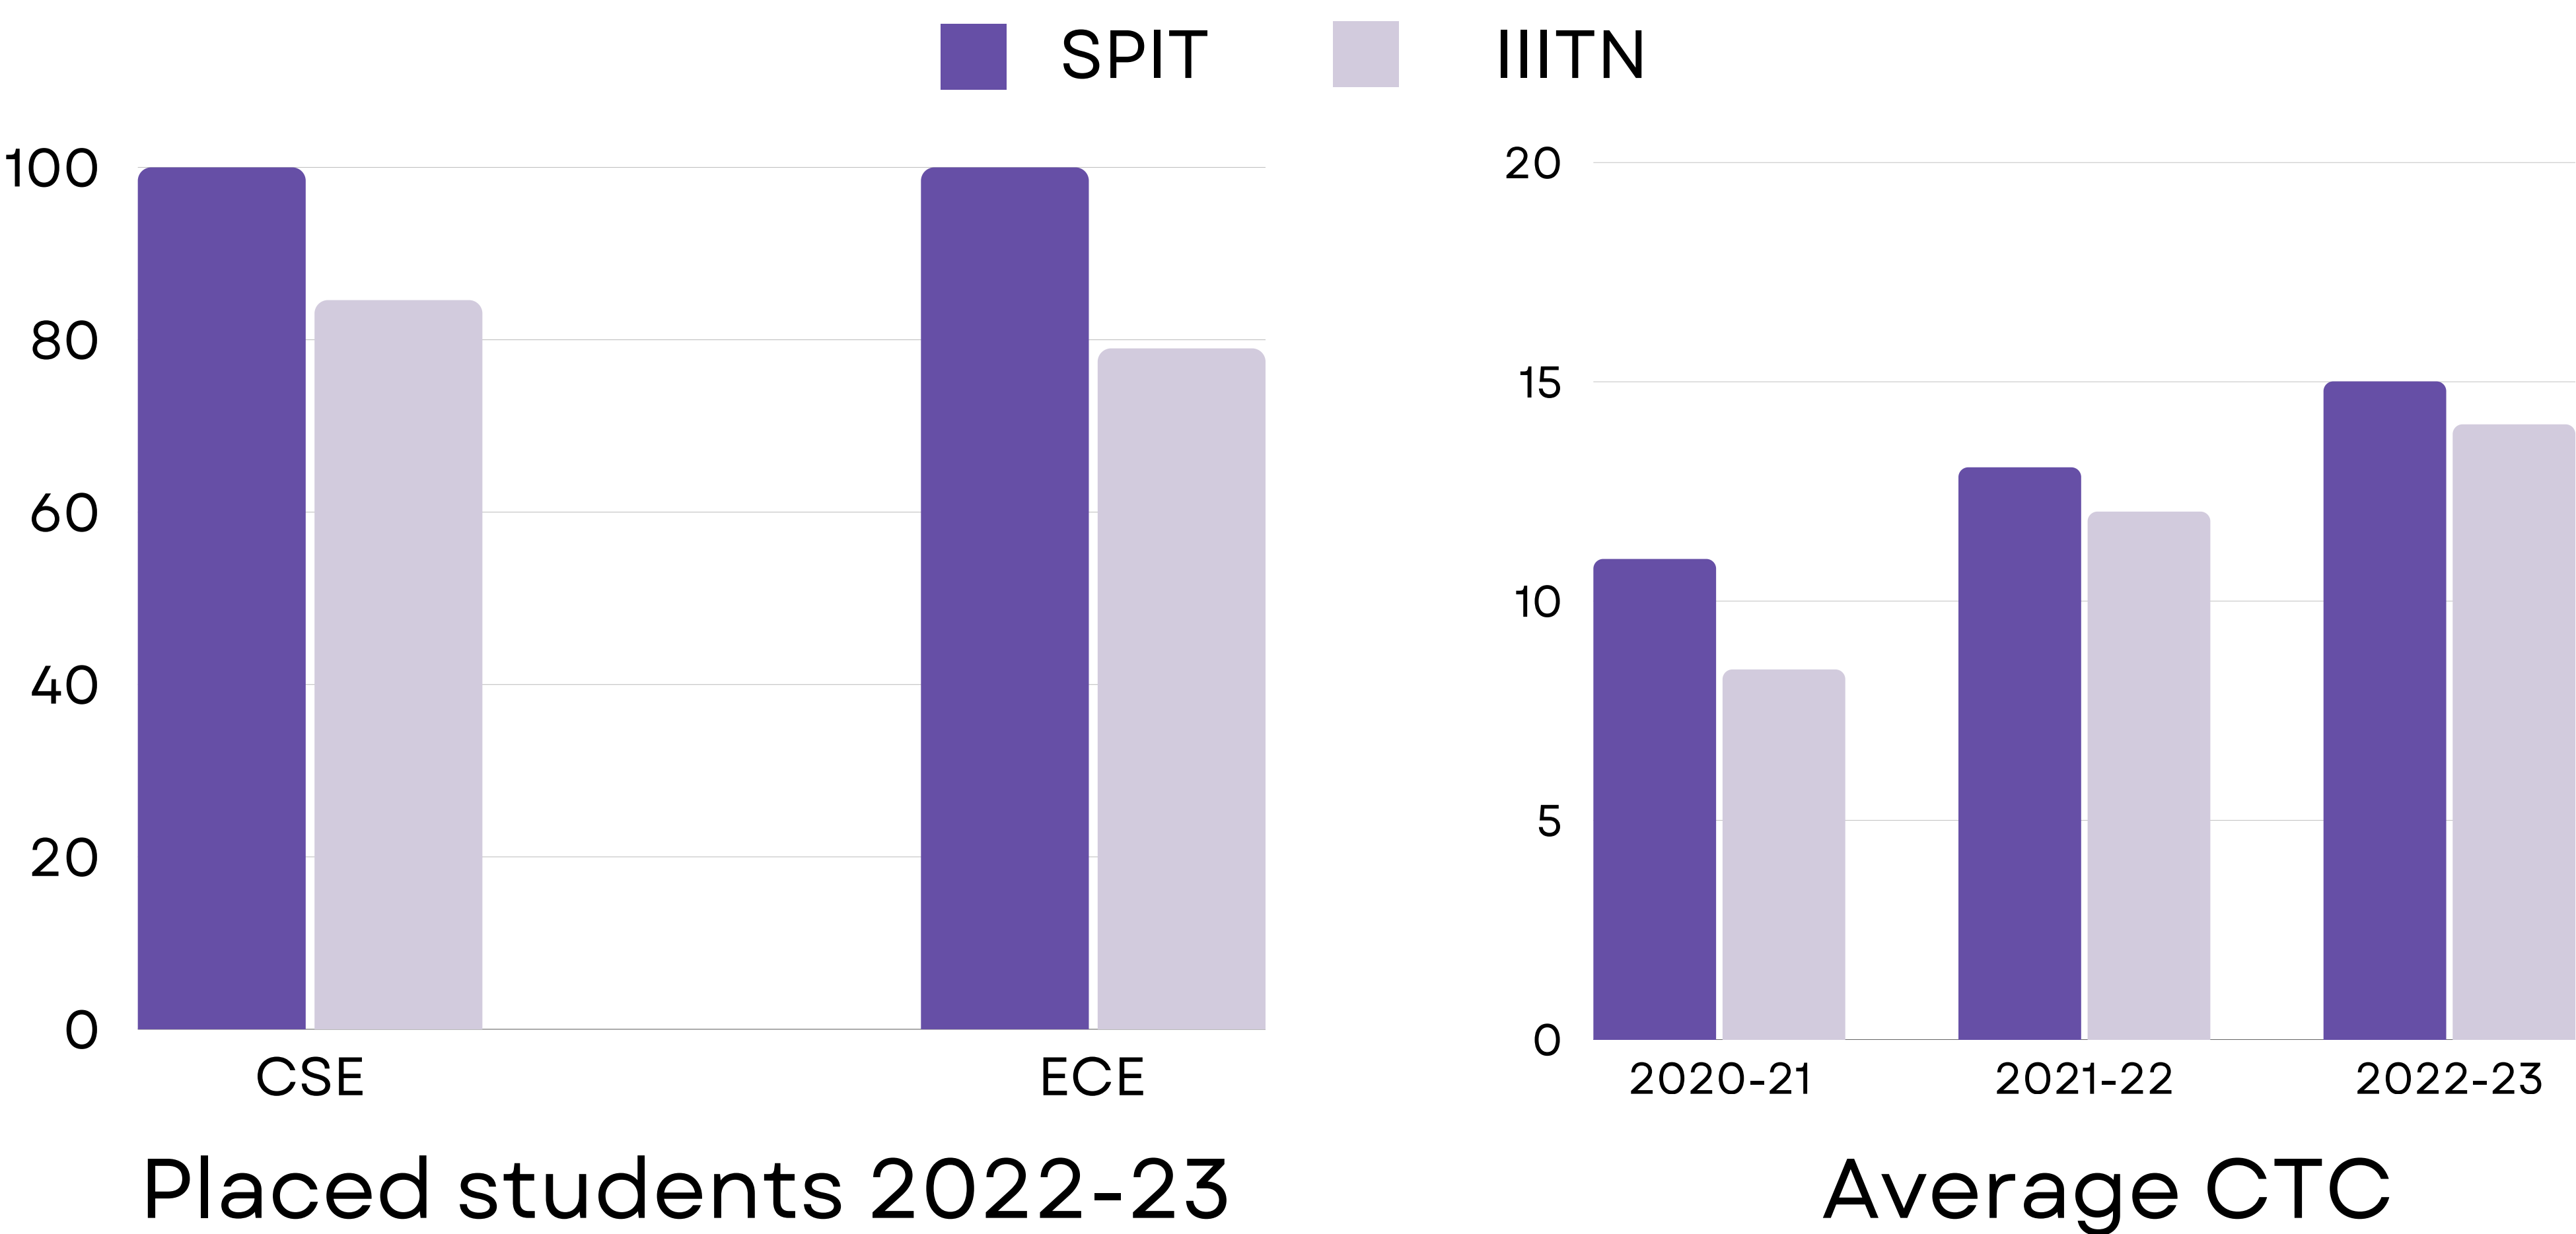

One-on-one sessions will be conducted with the students to explore backup options, including higher studies.

Our performance in past years in comparison with other reputed government colleges

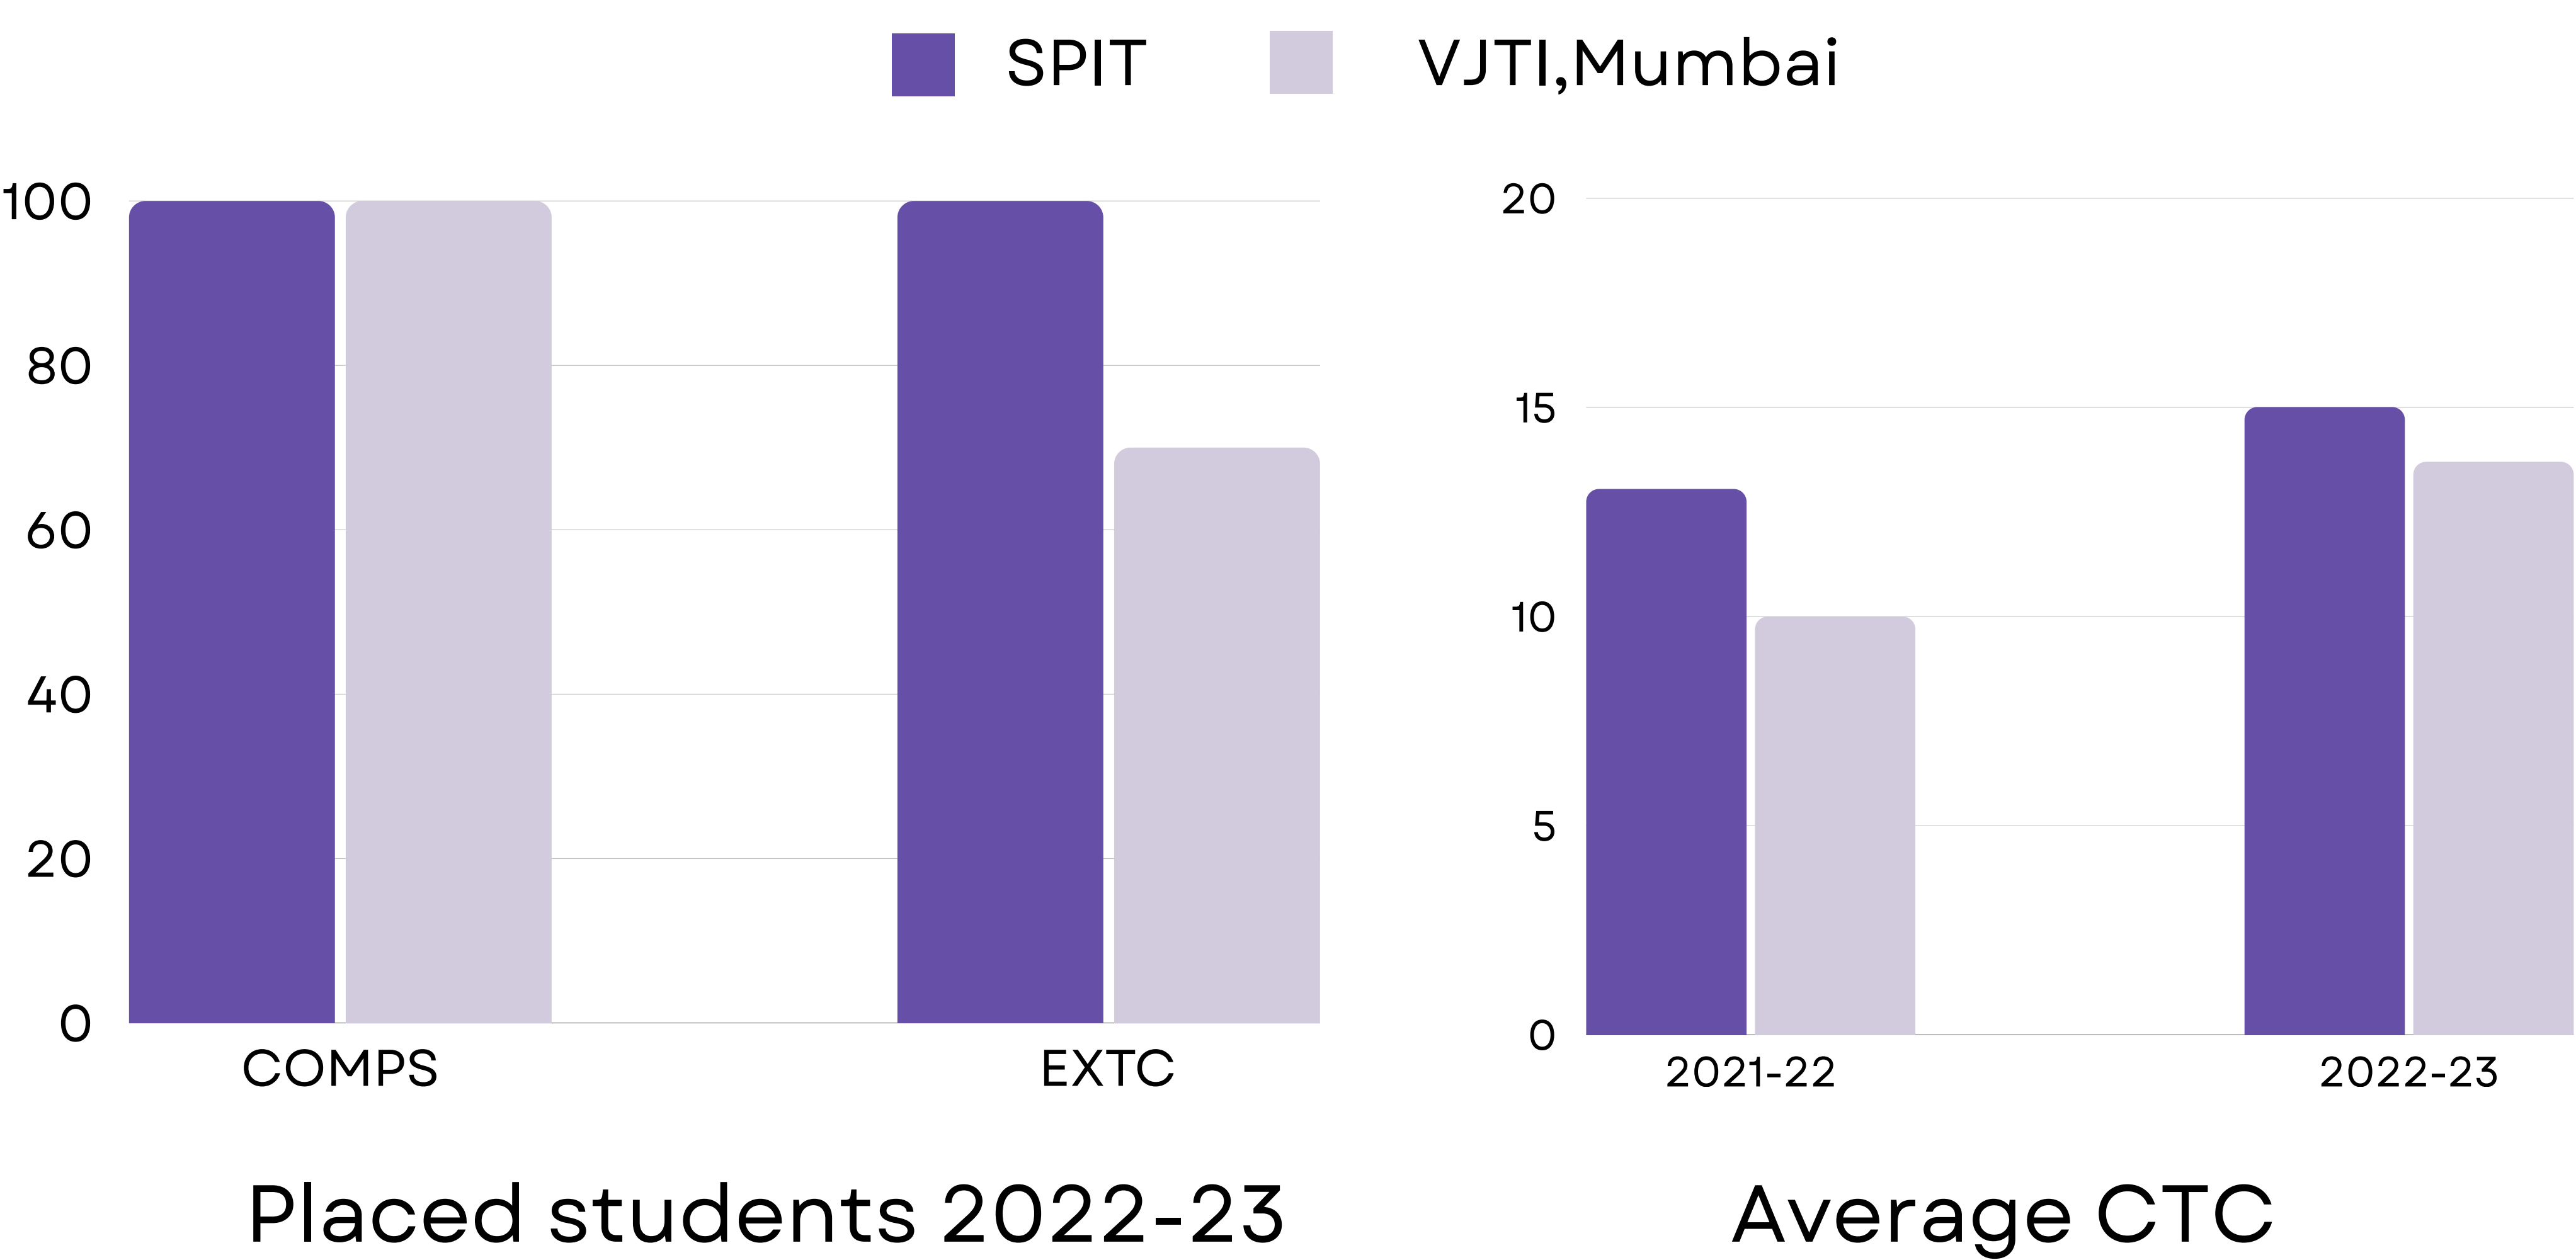

SVNIT, Surat

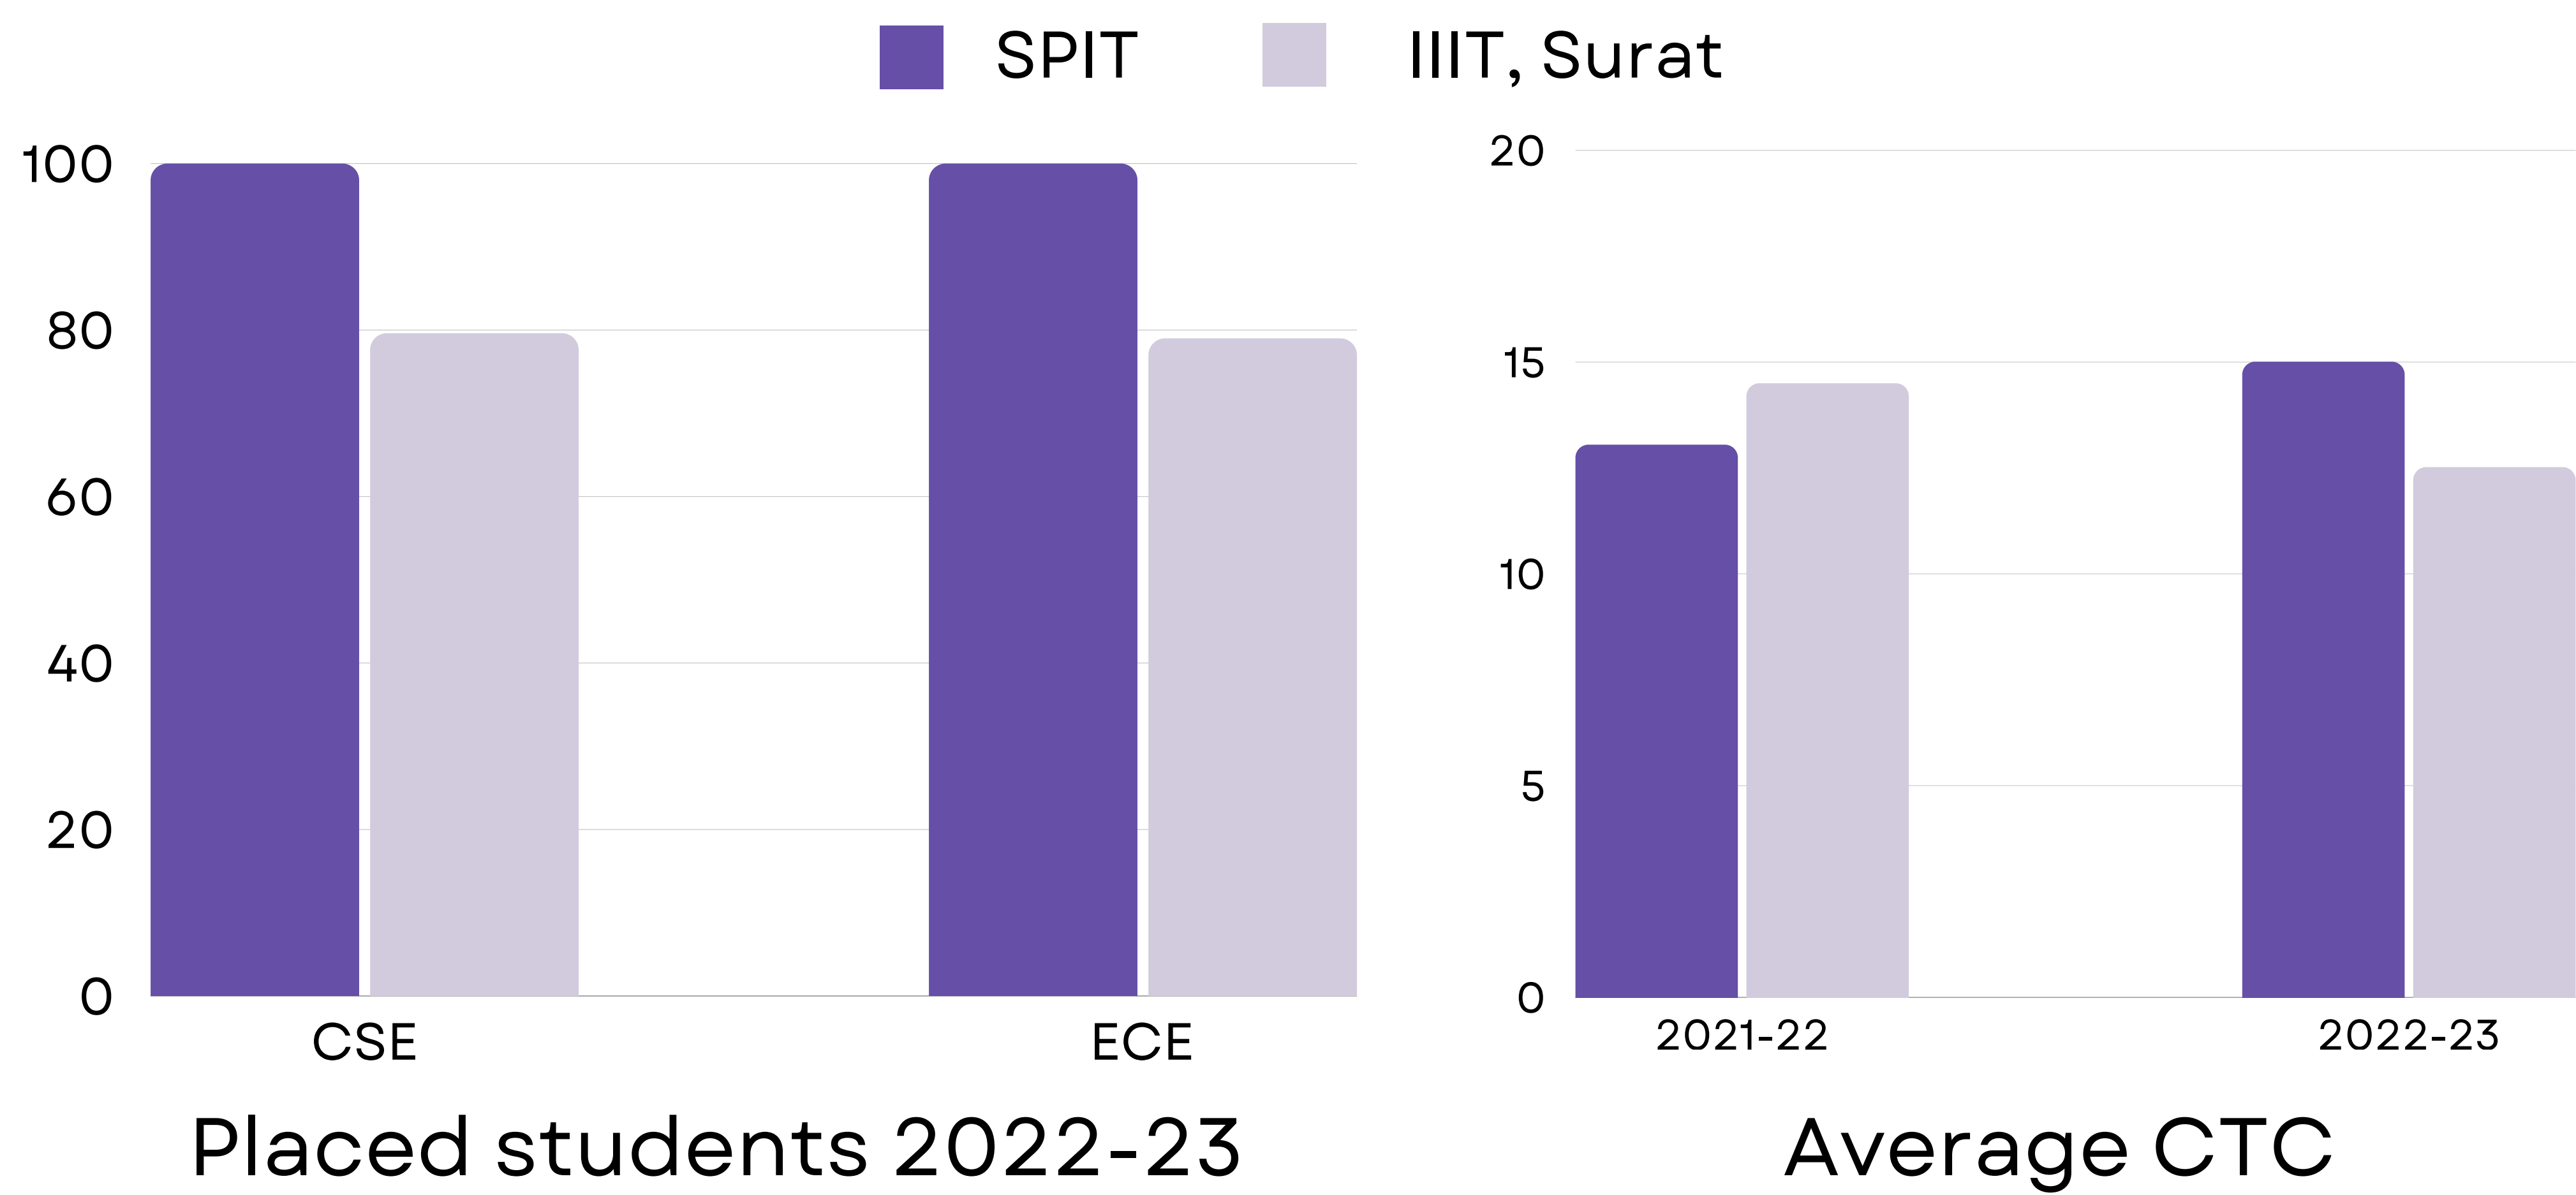

IIITN, Nagpur

VJTI, Mumbai

IIIT, Surat

In regards to placements, SPIT has always been ahead of or at par with other government colleges and we expect to do so in this current year too
